10-15% LARGER
Than Industry
Standards

Easy To Use

Lasts Up To 20 Cars

Paint/Body Shop Safe

**Removes Roughness
and Surface Contaminants such as:**

- Paint Overspray
- Bug Residue
- Environmental Pollutants
- Rail & Brake Dust
- Tree Sap

Gliptone Body Clay Bar #1 is for removing contaminants such as: paint overspray, raildust, bug residue and various airborne pollutants from vehicle surfaces and creating an ultra smooth and clean surface that is ready for wax, polish, paint sealants and/or coatings. This product is the most user friendly "clay type" bar on the market!

Easy to stretch, flex, fold and maneuver even in cold temperatures.
